

Hello

How do I benefit from this training on a personal level ?

By participating in this CNT Training for yourself, you will learn:

- to reconnect with your Inner Organ Family (your 5 Vital Organs) and how to take care of them
- you will participate in **massage exchanges** and experience giving and receiving
- you will also learn techniques that you can apply on yourself once back home such as **self-massage** (all techniques learned can also be applied to yourself)
- **Energy meditations** to lift your Organs on a high frequency by the Inner Smile Technique and prevent them from being intoxicated by negative emotions through the Six Healing Sounds Technique

Below are the dates and prices of the CNT Trainings for 2022.

On the next page: the possibilities of the complete CNT Trainings.
